## Two C.N.R. Veterans In West Retire

Edmonton, April 26.—James Clark, superintendent for the Canadian National Railways at Edmonton, and R. M. Brown, assistant superintendent, two veterans on rail service, are retiring on pension. Howarth H. Sparling, general superintendent of the Alberta District, announces, J. R. McMillan, formerly assistant superintendent, succeeds Mr. Clark, and D. W. McPherson, formerly assistant superintendent, succeeds Mr. Brown.

Mr. Clark began as a clerk in the yard office at Winnipeg in 1908 and rose to be general yardmaster in 1917. He became assistant superintendent in 1920, serving at Big Valley, Hanna, Edson and Edmonton, and became superintendent in 1940.

Mr. Brown, brother of the late "Billy" Brown, began in construction days with MacKenzie and Mann in 1903, later becoming conductor and, in 1919, acting trainmaster at Big Valley. He was trainmaster at Dauphin and in 1920 went to Regina as assistant superintendent. He went to Edmonton in 1939.

The new superintendent, Mr. McMillan, secretary to the late A. E. Warren for nine years, became assistant superintendent at Mirror in 1938, going to Edson in 1939 and to Edmonton the following year. He began as a stenographer at Winnipeg in 1925.

D. E. McPherson started railroad work at Lashburn, Sask., in 1914, as operator, served overseas from 1916 to 1919 and returned to Lloydminster. He was operator and agent at many points on the prairies and in B.C. until 1943, when he went to Prince George as assistant superintendent.

## Scientist Sees Farmers Growing Fuel for Cars

Winnipeg, March 26.—Wheat no longer means simply bread; it is a raw material for industrial alcohol and can be transformed into synthetic rubber, fuel for automobiles and other vital products, according to Dr. Paul Kolachov, technical counsellor, Joseph E. Seagram and Sons, Inc., Louisville, Kentucky, in Canada to exchange information with the National Research Council Ottawa. He addressed the Chemical Industry Society, Montreal, after being guest of honor at the Industrial Development Board's annual meeting in Winnipeg. Dr. Kolachov travelled east by the midnight Trans-Canada Air Lines plane.

With Europe less dependent on North America for bread than formerly, the scientist foresees a revolution in Canadian agriculture. In rye, sugar beets and potatoes, as well as wheat, the standard of value should not continue to be limited to terms of food, he said.

"Canada can produce an inexhaustible supply of raw material for industry. The need for smokeless powder, rubber, medicinals and other vital products is great." He went on to speak of experiments in the use of alcohol for automobiles instead of gasoline and of the development of synthetic rubber. If agriculture was to serve the fermentation industries, he said, farm yields would have to be greatly multiplied and much work would have to be done in increasing starch content. "If we can produce farm crops in such great abundance that they will be cheap enough to compare with other such industrial raw materials, we shall have come a long way. Agriculture and industry must co-operate. Each must strive to improve its economic position in regard to producing and manufacturing raw materials in such a way that the resultant economy of both and the nation will be greatly benefited."

One of the great advantages of a closer alliance between agriculture and industry, he said, was that everything was restored to the earth after distillation but the starch. There has been too much mining of the soil.

## The Red Cross Blood Bank

(Questions and Answers)

Q: Why is dried blood serum of ten more practical than direct transfusion?

A: Dried blood serum, when mixed with sterilized water, may be administered to ANY person regardless of blood type. The proper type is not always available at the scene of battle.

Q: Has dried serum been used much in this war?

A: Wherever our men in the armed forces have been taken for medical treatment there has been a supply of serum. From men returned from desert fighting the story comes of army doctors who carry a flask of this "miracle dust" in their pockets. In the aftermath of field hospitals and ambulances, are little heaps of these Red Cross tin containers and flasks that have been "broached" to allow transfusion.

Q: Has dried serum been used on civilian casualties?

A: Absolutely. When men, women and children were dug out of their blitzed houses in Britain, suffering terribly from shock as well as injuries, blood serum was often given to restore the person and save his life. This transfusion is an absolute necessity in many cases before the individual is in condition to receive further medical treatment.

Q: If the war should end this year, what would become of the blood bank?

A: There will be so great a need for this serum, even in the wake of war, for the starved and run-down and ill of the occupied countries, that it would take years to build up a reserve great enough to meet the demand. In the years to come, this serum will be kept in hospitals and at Red Cross outpost first aid posts for emergencies. It has proven its worth. The need will continue even into peace-time.

When our VICTORY LOAN salesman calls, let us remember he didn't start this war. He's just trying to end it.

**BOARD OF TRADE  
MONTHLY MEETING**

The regular monthly DINNER MEETING is to be held in the Wainwright Hotel Cafe tonight (Wednesday) at SEVEN o'clock and everyone interested is requested to attend.

By Order,

## Successful Musical St. Joseph's Academy

The annual musical recital presented by the senior pupils of St. Joseph's Academy on the evening of Monday, May 1st, was an outstanding success. The chorus, "Can a Dear Land O' Mine" proved a pleasing opening to the very enjoyable program. The younger pupils played piano duets and trios, while the junior children won the hearts of the listeners with a fairy song. The more advanced members of the class delighted the audience with carefully prepared two-piano pieces as well as skillfully rendered piano solos. Vocal and violin solos, also marked by rare expression and finish, gave delightful variety to the program. The violin ensemble, with five violins played by Gwendolyn Heffernan, James Aykroyd, Donald Stafford, Elsie Rasmussen and Pat Buckton, was an exceptional ally popular number. The evening's entertainment reached its climax in the two-piano piece, "Belesario Fantasia" by Donizetti. It was played by Zerah Clegg and Shirley MacKenzie, with a brilliancy and skill which evinced natural talent for music and merited the hearty applause accorded the young musicians. The closing number was a two-part song, "Springtime" sung with expression and clear enunciation, by nine senior girls.

The following took part in the program:

M. O'Rourke, C. Wright, B. O'Rourke, S. Bond, D. Fahner, E. O'Rourke, H. Clark, J. Jackson, P. Hutchinson, V. Rasmussen, P. Heffernan, M. Conroy, V. Voltner, T. Walsh, E. Ruhl, E. Strong, L. Touchette, P. Buckton, E. Meyer, M. Myer, G. Spornitz, H. Klassen, E. Rasmussen, L. Wright, A. Adams, P. Madkins, B. Schumacher, A. Symes, R. Dalby, A. Heslop, D. Dalby, M. Coleman, A. Smith, J. Aykroyd, D. Stafford, L. McLeod, D. Adams, J. Billing, G. Heffernan, S. MacKenzie, Z. Clegg.

## Kitchen Shower for Auburndale Bride

Mrs. Aldous Kent was hostess to a number of ladies on Wednesday afternoon last, when she entertained at a kitchen shower in honor of Miss Agnes Fraser a bride-elect of this month.

The afternoon was pleasantly spent in contests and games with novel prizes for these going to Miss Isobel Cleland and Mrs. Harry Symes.

The guest of honor was then presented with a dainty pink and white basket of handsome and useful gifts for which she fittingly thanked those present.

At the close of the afternoon a delicious lunch was served by the hostess assisted by Miss Isobel Cleland and Mesdames S. Valteau and Austin Kinghorn.

## A SOLDIER SPEAKS

So you're sick of the way the Count's run,  
And you're sick of the way the rationing's done,  
And you're sick of standing around in a line,  
You're sick you say — well that's just fine,  
So am I sick of the sun and the heat  
And I'm sick of the feel of my aching feet,  
And I'm sick of the mud and the jungle flies,  
And I'm sick of the stench when the night mists rise,  
And I'm sick of the siren's wailing shriek,  
And I'm sick of the groans of the wounded and weak,  
And I'm sick of the sound of the bomber's dive,  
And I'm sick of seeing the dead alive,  
I'm sick of the roar and the noise and the din,  
I'm sick of the taste of food from a tin,  
And I'm sick of the slaughter — I'm sick to my soul,  
I'm sick of playing a killer's role,  
I'm sick of blood and of death and the shell,  
And I'm even sick of myself as well  
But I'm sicker still of a tyrant's rule  
And conquered lands where the wild beasts drool,  
But I'm cured darn quick when I think of the day,  
When all this hell will be out of the way,  
When none of this mess will have been in vain,  
And the lights of the world will blaze again,  
And things will be as they were before,  
And kids will laugh in the streets once more,  
And the Axis' flags will be dipped and furled,  
And God looks down on a peaceful world.  
Well! Now let's hear from YOU.  
HOW MUCH?

## Many Get Licenses At A.M.A. Branches

Nearly one-third of the motor car owners in the province had taken out licenses by April 15, according to reports received by officials of the Alberta Motor Association. The total was 33,000.

Officials of the A.M.A. have been extremely busy during recent weeks in handling motor license applications, along with drivers' licenses and the issuance of the "AA" federal coupon ration books.

The convenience offered by the A.M.A. branches in securing licenses promptly has won the high commendation of many motorists.

"Stickers" for the windshield and rear window of cars also have been issued with the current year's license. Car owners are making use of the plate they displayed in 1943.

Judging by all indications, there will be a heavy issuance of motor car and drivers' licenses this year. In fact, provincial officials feel confident that the total of about 93,000 in the 1943-44 license period that ended March 31 will be exceeded.

## Annual Report of Patriotic Service Club

At the annual meeting of the Patriotic Service Club held recently the officers were re-elected for another year, viz. President, Mrs. J. Donaldson; Vice President, Mrs. G. Hannah; Secretary Treasurer, Mrs. T. Torrance.

A quantity of work was done by its members for the Red Cross and other patriotic organizations. This included: 5 quilts and 1 quilt top, 15 pairs of socks, 2 seamans' caps, 4 sweaters, 1 tuck-in, and 48 gowns.

In addition were made the following donations:

Red Cross Drive (1943)	\$5.00
Ditty Bag Fund (W.I.)	1.00
Red Cross (Prisoner of War)	5.00
War Service League	5.00
Red Cross (Prisoners of War)	5.00
Red Cross Drive (1944)	5.00

In all a very successful year was enjoyed.

## BUY A BOND

B—is for Bonds, the key to Victory  
U—is for Us, and we'll always be free.  
Y—is for Yes...we'll buy a bond!  
A—is for Action...our will to respond.  
B—is for Bombs and Bombers they buy.  
O—is for Order...the system they fly.  
N—is for Night, the time that they go.  
D—is for Damage...to Berlin and Tokio.

## NOTES

The regular monthly meeting of the Executive of the Wainwright and District Branch of the Canadian Red Cross Society will be held in the Work Room on Monday evening May 8th, at 8 p.m.

The following is an excerpt from a letter from John D. Dower, Chairman for Northern Alberta in the recent Red Cross Campaign:

"I wish to congratulate you and the members of the Red Cross Branch on the successful job which has been done in your district in raising funds for the National Appeal of the Red Cross. It is to people like you and the other members who take such a keen personal interest in this work that the Red Cross owes its ability to meet the many urgent needs which it is called upon to fill. We did not stress quotas this year, knowing that we could rely on our branches to do their utmost, and we have not been disappointed. I shall be indebted to you if you will convey our appreciation to your Committee and members."

We gratefully acknowledge receipt of two boxes of lovely baby clothes, made and donated by the Battle View War Service League, together with the following donations of money:

M.D. of Wainwright No. 392	\$25.00
Sydenham Victory Club	22.50
Adeline Rebecca Lodge	15.00
Rose Willow W.I.	10.00
Gerald Victory Club	5.00
Gilt Edge Welfare Club	2.50

## NO SMASHED THUMB

There are two ways to hammer a nail, says an experienced farmer. One way leads to a smashed thumb; the other to the insertion of the nail without trouble. The correct way is to hold a nail with the thumb and forefinger near the head of the nail, and if the nail slips to allow the fingers time to get out of the way. The wrong way is to support the nail at the base with the thumb and forefinger. This results in an injured thumb because the thumb and forefinger are held motionless or less stationary even after the nail has fallen and the hammer descends to smash them.

On the last day of the last war 25,000 Allied soldiers were killed. If this war had ended 24 hours sooner these lives would have been spared. Shorten this war by buying more VICTORY BONDS.

## Death and Funeral of Mr. J. Chynoweth

The death took place on Friday last of Mr. John Thomas Chynoweth, one of our best known old-time farmers, at the age of 73 years. Heart trouble was the cause of death.

The deceased, who was born at Fenelon Falls, Ont., came to the West in 1908, and homesteaded near Heath. In 1910 he was married to Miss May E. Cooper at Grace Methodist church, Wainwright in 1910. In 1917 the family moved to their present home farm just east of town where they have since resided.

Left to mourn are his widow and two daughters, Della and Ruby (Mrs. A. Ratray and Mrs. T. Ratray) as well as two grandchildren. One brother (Joe) in Ontario, and two sisters (Mrs. J. H. Mills and Mrs. N. Cooper) both of Wainwright, are also surviving.

For the past three or four years, the deceased was a sufferer from heart trouble, and during the past six months he has been confined to his home or hospital in an effort to get relief, but passed away as stated.

## THE FUNERAL

The funeral was held on Monday afternoon, with McLeod's parlors in charge. The church was filled to overflowing with sorrowing friends many of whom had been acquainted with the family during the past 30 years.

Rev. A. D. Richard, the pastor, conducted the service, during which favorite hymns of the deceased were sung, and spoke feelingly of the useful and upright life led by the deceased, and of the loss to the community of such a faithful member of the church. Interment was made at Wainwright cemetery, the pallbearers being Messrs. J. Ford, F. Ford, R. Jones, W. Lyle, J. Murray and G. Murray.

## Floral tributes of respect and esteem were received from the following:

May, Della and Albert, Ruby and Thomas; the Peterborough relatives Jim and Evelyn; Ed and Edith, Rob and Phil; Ethel and Clarence, The Neils Dillaboughs and the Schultz Family; Anna and Grover, Mrs. E. B. McLeod; Mr. and Mrs. B. Jones; Mr. and Mrs. Earl Murray; Mrs. Telford; Mr. and Mrs. Cardell and Family; Mr. and Mrs. Geo. Reid and Family; Mr. and Mrs. Stan Cooper and Orville; Mrs. T. W. Cooper and Donald; Mr. and Mrs. W. T. Brunker; Mr. and Mrs. Graham and Mrs. Woodger; Mr. and Mrs. J. Robinson and Mrs. A. E. Robinson; Mr. and Mrs. E. Wilson; Mrs. Morrison, Lexie and Ronald; Mr. and Mrs. A. Patterson and Family; Mr. and Mrs. Mansfield and Mrs. Mansfield; Mr. and Mrs. E. L. B. McLeod; Mr. and Mrs. B. Jones; Mr. and Mrs. Earl Murray; Mrs. Telford; Mr. and Mrs. Cardell and Family; Mr. and Mrs. Geo. Reid and Family; Mr. and Mrs. Stan Cooper and Orville; Mrs. T. W. Cooper and Donald; Mr. and Mrs. W. T. Brunker; Mr. and Mrs. Graham and Mrs. Woodger; Mr. and Mrs. J. Robinson and Mrs. A. E. Robinson; Mr. and Mrs. E. Wilson; Mrs. Morrison, Lexie and Ronald; Mr. and Mrs. A. Patterson and Family; Mr. and Mrs. Mansfield and Mrs. Mansfield; Mr. and Mrs. E. L. B. McLeod; Mr. and Mrs. B. Jones; Mr. and Mrs. Earl Murray; Mrs. Telford; Mr. and Mrs. Cardell and Family; Mr. and Mrs. Geo. Reid and Family; Mr. and Mrs. Stan Cooper and Orville; Mrs. T. W. Cooper and Donald; Mr. and Mrs. W. T. Brunker; Mr. and Mrs. Graham and Mrs. Woodger; Mr. and Mrs. J. Robinson and Mrs. A. E. Robinson; Mr. and Mrs. E. Wilson; Mrs. Morrison, Lexie and Ronald; Mr. and Mrs. A. Patterson and Family; Mr. and Mrs. Mansfield and Mrs. Mansfield; Mr. and Mrs. E. L. B. McLeod; Mr. and Mrs. B. Jones; Mr. and Mrs. Earl Murray; Mrs. Telford; Mr. and Mrs. Cardell and Family; Mr. and Mrs. Geo. Reid and Family; Mr. and Mrs. Stan Cooper and Orville; Mrs. T. W. Cooper and Donald; Mr. and Mrs. W. T. Brunker; Mr. and Mrs. Graham and Mrs. Woodger; Mr. and Mrs. J. Robinson and Mrs. A. E. Robinson; Mr. and Mrs. E. Wilson; Mrs. Morrison, Lexie and Ronald; Mr. and Mrs. A. Patterson and Family; Mr. and Mrs. Mansfield and Mrs. Mansfield; Mr. and Mrs. E. L. B. McLeod; Mr. and Mrs. B. Jones; Mr. and Mrs. Earl Murray; Mrs. Telford; Mr. and Mrs. Cardell and Family; Mr. and Mrs. Geo. Reid and Family; Mr. and Mrs. Stan Cooper and Orville; Mrs. T. W. Cooper and Donald; Mr. and Mrs. W. T. Brunker; Mr. and Mrs. Graham and Mrs. Woodger; Mr. and Mrs. J. Robinson and Mrs. A. E. Robinson; Mr. and Mrs. E. Wilson; Mrs. Morrison, Lexie and Ronald; Mr. and Mrs. A. Patterson and Family; Mr. and Mrs. Mansfield and Mrs. Mansfield; Mr. and Mrs. E. L. B. McLeod; Mr. and Mrs. B. Jones; Mr. and Mrs. Earl Murray; Mrs. Telford; Mr. and Mrs. Cardell and Family; Mr. and Mrs. Geo. Reid and Family; Mr. and Mrs. Stan Cooper and Orville; Mrs. T. W. Cooper and Donald; Mr. and Mrs. W. ### "WHAT A SOLDIER THINKS"

Into our pre-invasion, Victory  
 Loan atmosphere there arrived re-  
 cently this letter from a private in  
 the Pacific. He has weathered the  
 "williwaws" in the Aleutians and  
 stormed the beaches of Kwajalein.  
 What he says reflects a quality of  
 far-sighted realistic thinking which  
 deserves the widest possible read-  
 ing.

"As a soldier I am often amused,  
 more often frightened," he writes.  
 "by evidence that people are being  
 sold the idea that a great hope for  
 the post-war world lies somehow in  
 mysterious and intangible which  
 are thought to have sprung up in  
 the fighting men overnight."

"Something is supposed to have  
 happened in thousands of foxholes  
 all over the world, which, we are  
 told, will give us peace and prosper-  
 ity when the war is won. Unfortun-  
 ately it hasn't. Yet when it does, it  
 will take place in farms and factor-  
 ies and federal buildings too. And  
 it must happen. The need is a  
 change of heart."

He goes on: "Millions of us are  
 fighting today to make all men free  
 But we are slaves to ourselves. Sex,  
 money and pleasure hold us captive.  
 Actually we desire not peace but  
 pleasure. We want a helicopter in  
 every garage. We want freedom to  
 live our own lives as though we  
 were the sole inhabitants of the  
 earth. We want ease and security.  
 And we call these things - peace."

"God knows we have fought and  
 laboured and sweated and bled. We  
 have suffered and died. But we can  
 not rebuild our country. Not as we  
 are. And yet she looks to us and  
 thinks that in us she has the hope  
 of nationhood and peace. But not  
 as we are. We will win the war.  
 But then all will not be done. She  
 will need soldiers - warriors of the  
 spirit to fight that the hearts of  
 men may be free as well as their  
 hands. Else we have fought in vain."

"Our country will need some  
 force to unite her. But we cannot  
 be that force, not as we are. Be-  
 cause we have no faith, no stand-  
 ards, no destiny. The sentimental-

ists say that there are no atheists  
 in the foxholes. But they are wrong.  
 We pray when we are afraid. Af-  
 ter the battle we forget God and  
 His laws."

"Unless we change," he conclud-  
 es, "our country will perish. The  
 price of nationhood is high. Those  
 who refuse to pay it are traitors  
 to the nation. And the price is mor-  
 tal rebirth in the heart of every  
 man."

### THE HIGH CAUSE OF FREEDOM

Canada today is standing stead-  
 fastly side by side with the other  
 nations of the British Common-  
 wealth, the other parts of the Brit-  
 ish Empire, and our Great Allies—  
 the United States, Russia and China  
 to protect the high cause of World  
 Freedom. As far as we in Canada  
 are concerned this means simply  
 that we are fighting for our own  
 survival; to prevent our country  
 coming under the ruthless dominion  
 of the Germans and the Japanese  
 and to avert the life of slavery  
 which that would mean to us all.

The reasons for Canada's entry  
 into the war were set out by Prime  
 Minister Mackenzie King on Sept.  
 4th, 1941. His statement is as fol-  
 lows:

"Canada's entry into war was  
 the deliberate decision of a free  
 people, by their own representa-  
 tives in a Free Parliament—as  
 a nation of the new world we placed  
 ourselves freely at Britain's  
 side because Britain's cause was  
 the cause of freedom."

To fight a war costs vast sums of  
 money. Fighting men must be fed,  
 clothed, equipped and transported,  
 and munitions of all kinds must be  
 provided. The funds to pay for  
 Canada's war effort are obtained by  
 our Government partly by taxes,  
 partly by compulsory savings and  
 in great part from the voluntary  
 purchase of War Savings Certificat-  
 es and Victory Bonds.

But wars are won with great dif-  
 ficulty and are quite easily lost. A  
 slight lack of manpower, of food  
 munitions or equipment could eas-  
 ily turn the tide of battle against us  
 and it has happened in the past  
 with great nations that a slight lack  
 of power which lost the war has  
 been the result of a small lack of  
 money. Those who today, therefore  
 are urged to subscribe for Victory  
 Bonds should reach to the very bot-  
 tom of their savings and of their  
 pockets, for the amount of Victory  
 Bonds purchased by individuals  
 could quite easily determine wheth-  
 er this war will be won by us or  
 will be lost.

Many think that victory is already  
 assured. The truth is, as history has  
 revealed over and over again, that  
 no war is won until the last battle  
 has been fought, not until the enemy  
 armies are either destroyed or dis-  
 armed. The obvious duty, therefore,  
 of all of us is to buy Victory Bonds  
 to the very utmost of our ability in  
 order to safeguard our own country  
 of Canada and to assure a free and  
 bright future for our children.  
 (Searle Grain Company, Ltd.)

HERE ARE THE REASONS WHY  
 PEOPLE BOUGHT VICTORY  
 BONDS BEFORE - WHY MORE  
 WILL BUY THIS TIME

1. To help their country win the war.
2. To back up their loved ones in the services.
3. To make a safe and sound investment.
4. To help keep our economy on an even keel.
5. To help preserve the Canadian way of life.

### GREENSHIELDS

Mrs. P. Spady of Gilt Edge spent  
 a few days with Mrs. Morrison this  
 week.

Mr. and Mrs. J. Sorenson and fam-  
 ily motored to Kitseoty for the  
 week end.

Mrs. W. G. Morrison (Lexie) ar-  
 rived this week from Ontario where  
 her husband Major Morrison is  
 stationed.

Mr. and Mrs. J. Stranahan have  
 moved to the Elmer Jackson farm.

Miss W. Jones was a weekend  
 tripper to the city.

Mrs. L. Beazley returned from  
 Tofteld where she had been staying  
 with the Merricks.

Sunday visitors at the Morrisons  
 included, Mrs. Mary Mansfield, Mrs.  
 John Mansfield, Mr. Alex Postons  
 and Mrs. R. Vallean.

Corporal Doug. Jackson spent a  
 short visit with his father before  
 leaving for the coast where he has  
 been transferred.

Mr. Emil Lapierre has returned  
 home from Czar where he has been  
 working.

Mrs. Morrisette and Mrs. Hill  
 were visitors to our Hamlet this  
 week.

The municipal grader in charge  
 of Mr. L. Wallace has certainly im-  
 proved the roads in our district.

Beef Ring members are reminded  
 that meat will be available Satur-  
 day, May 6th, and meat sacks  
 should be left at the meat house be-  
 fore that date to avoid confusion.

Mr. Carl Lundberg left for Ryley  
 where he has obtained employment.

### CHILDREN TO HAVE

#### MORE CLOTHING

Edmonton—Increased produc-  
 tion of children's clothing, flannel-  
 ite and shoes, is directed by the  
 War-time Prices and Trade Board,  
 according to Mrs. Frank J. Conroy,  
 regional chairman of the Consumer  
 Branch. Output of children's under-  
 wear has been increased over pre-  
 war years, production of Saxony  
 flannelite is also increased, and  
 manufacture of children's shoes is  
 at a new high.

### PRICES OF NEW

#### POTATOES PEGGED

Ottawa—Sale of domestic new  
 potatoes in Canada will be govern-  
 ed through War-time Prices and  
 Trade Board order.

The highest shipper and produc-  
 er prices permitted will involve a  
 maximum consumer price of about  
 five cents a pound.

Many Canadian lads are prisoners  
 behind enemy barbed-wire. Our pur-  
 chases of VICTORY BONDS will re-  
 lease them from their bonds that  
 much sooner.

## Do You know

OTTAWA, January: Many of the  
 former British War Guests, former  
 youngsters who were sent to Canada  
 at the outset of this war to escape  
 the ruthless bombing of Britain by  
 the Nazis, are returning home. But  
 they're going back wearing a uni-  
 form of the Canadian armed forces,  
 ready to assist in the prosecution of  
 the war against Germany.

Prior to reaching the minimum en-  
 listment age, June attended high  
 school and university in the Mar-  
 times, and was active in social cir-  
 cles in her neighborhood.

Cost of administering the price cel-  
 ling, including all expenses connected  
 with rationing, is approximately  
 \$1.25 per year for each person in Can-  
 ada, or about .10 per month, said W.  
 A. Congdon of the W.P.T.B.

### EDGERTON CO-OPERATIVE

#### NOTICE

After June 1st, 1944, all original  
 \$25.00 shares of the Edgerton Co-  
 operative Association will be can-  
 celled if not presented and ex-  
 changed for the new issue by that  
 date.

BOARD OF DIRECTORS  
 Edgerton Co-operative  
 Association

## The Home of Distinctive Furniture

 203 Insurance Exchange Bldg.,  
 CALGARY, ALTA.

Kindly send me a free map of my federal riding,  
 with revealing data on the last election.

NAME.....

ADDRESS.....

## Remember!!!

When the markets collapsed after the last war?

When bank credits stopped and the mortgage  
 company demanded payment?

When interest payments were greater than your  
 income?

When prices dropped out of sight in the  
 1930's?

When your son rode the reds or worked for \$5  
 a month on your neighbour's farm?

### WHY?

Because the powerful companies controlled your  
 market.

Because the banks controlled your credit!

Because the implement companies controlled the  
 price of your machinery!

Because the Grain Exchange and the millers  
 controlled your grain prices!

Because monopoly ruled!

### NEVER AGAIN !!!

### The C C F—Your Party—Believes:

You should own your own farm!

Monopolies must serve the people not rule them!

Credit should be your servant not your master!

You should have grower controlled Marketing Boards  
 to sell your products at parity prices!

You should have co-operatives to reduce costs:

### THE C C F WILL BRING:

Planned production of plenty for all, in peace as well as  
 in war.

Parity prices to the farmer . . . Fair wages to labour.

—Parity prices for the farmer means jobs for the workers.

—Good wages for labour means better farm prices.

The C C F is YOUR movement. It does not get and  
 DOES NOT WANT the support of the big corpora-  
 tions. It needs YOUR support NOW. Write and  
 send your contribution to your C C F Provincial  
 Headquarters—

10010 - 102nd Street  
 Edmonton, Alta.

### Farm Notes

#### POISON GOPHERS NOW

Farmers of Alberta suffer heavy losses each year from damage by the common gopher. Although most farmers recognize this and take steps to avoid loss, many fail to use gopher poison at all, or use it too late for the best results.

Gophers should be poisoned in April if at all possible, advises J.L. Eaglesham, Supervisor of Pest Control. Whether a prepared poison or a homemade formula is used it should be made use of now for best results. Gophers have recently emerged from their winter quarters, and within a month each female will have a family of six or eight offspring. If poisoning is delayed until that time much more control work will be required.

It will be found that gophers take poisoned grain much more readily now than later when more green vegetation is available. In order to save both time and material the wise farmer will commence control operations without delay.

**HOW DO YOU SELL YOUR WOOL**  
The selling of a farm product starts with production. Unless the producer develops and prepares a product that appeals to the buyer he cannot expect to get top returns. The wool producer of Canada realized this fact in 1943 when for the first time a direct premium was paid for wool that was prepared properly for market, says Dr. K. Rasmussen, Dominion Experimental Station, Lethbridge, Alberta.

Actually there has been a premium in effect for many years through the differences in price on various grades and classes of wool, but it has never been quite as evident before and unfortunately wool growers have failed to see it. A greater, more distinct price difference should be established between good and poor clips, but the only way in which the producer can bring this about is to produce and market superior clips and then insist that he be paid accordingly. It

is up to the producer to look after his own interest and this lies in producing, harvesting and packaging his wool clip for market in such a manner that it is attractive to the buyer. The buyer is buying wool for the manufacture of wool products and these cannot be made from dirt, vegetable matter, burrs, tags, and similar foreign matter. High quality wool products require high quality raw material and only the producer can provide this.

The general improvement reported in the preparation of the 1943 clip, brought about by the premium incentive, indicates that in general the wool growers of Canada are well informed regarding what is required.

#### PASTURE MIXTURE FOR HOGS

At the Dominion Experimental Station, Lacombe, Alberta, pasture crops for pigs, such as oats, rye, rape, alfalfa, sweet clover, barley, wheat, peas and various mixtures have been under test for a number of years.

Two bushels of oats mixed with one bushel of winter rye offers a forage crop which can be seeded early in the spring and will produce pasture until after the freeze-up in November, states H. E. Wilson of the Lacombe Station, where hog breeding is a special study. The oats provide the pasture during the first half of the season and the winter rye provides the late summer and fall pasture. Rye without oats is practically as good but takes longer to get a start. At Lacombe, eight acres of oat and rye pasture seeded early in May carried 30 mature sows from the first of July to the freeze-up in November.

Rape also makes a very satisfactory pasture for the summer and fall. About seven weeks are usually required from the time rape is seeded until it is ready for pasturing. Pasturing should commence when the plants are about six inches high otherwise it becomes rank and unpalatable. Four to five pounds is sufficient for seeding in drills 30 inches apart, while eight to ten pounds are necessary if the seed is drilled or broadcast the same as an ordinary grain crop. A good stand of rape is capable of carrying from 20 to 25 pigs per acre.

Alfalfa outranks all other feeds as a pasture for hogs. It has the greatest food value and the hogs prefer it. Unfortunately it is sometimes difficult to establish, and also, if too closely cropped is likely to be killed out. Sweet clover, on the other hand, is not very palatable and soon gets too tough and woody to make good feed.

The coarse grains such as oats, barley and wheat when sown alone or in combination are commonly used for hog pastures. These crops mature quickly and if a continuous pasture is to be provided a succession of seedings must be made. One month of heavy pasturing will finish all the succulent green growth. Another good pasture mixture for hogs is oats and peas, but the peas are expensive, and if the season is dry give very poor returns.

seeded each year with the seed the farmer sows. To clean seed well, therefore, so that all weed seeds are eliminated, is the very first step, and the easiest and most profitable step, that a farmer can take. This is easily said — not so easily done. It requires a good fanning mill and extreme care in the use of the proper screens and of the management of the fanning mill.

The next important source of weed infection is in the scattering on the fields of seeds from weed plants that are allowed to ripen. If a field is badly infected the sowing early of a crop, such as an early barley that can be cut before the weed plants set to seed, is another splendid method. The earliest crop is barley, and the earliest barleys are the feed barleys — Colless, Warrior and Olli.

#### ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

A world shortage of some foods for several years after the war is predicted by the British Ministry of Food. The United Kingdom is reported to have purchased 40 million bushels of Australian wheat and flour. A U.S.A. wheat deficit within the next two years is seen as a possibility by some American observers.

The Australian Government has granted farmers a slightly higher price for the 1944-45 wheat crop. Europe seems assured of good winter grain production again this year. Argentine shipments of wheat and flour since the first of the year are much higher than during the same period last year.

#### FABRICS IN ARMOUR

Chemically treated and coated fabrics, once used for upholstery, luggage and business machine covers, purses, belts, school and golf bags, menu covers and baby carriage tops, have, like so many other materials, gone to war.

Do-coated fabrics contribute to the war effort, says J. D. Welsh in the March issue of C-I-L. Oval. The current roster of "Fabrikoid" products or ultimate "end uses," according to the writer, runs from A for adhesive bandages through B for bomb tail covers and blackout curtains, C for crash pad coverings for tanks and army trucks, F for field service caps, P for pack sacks, T for tank radio covers and W for a compound which is extruded into fuel lines for aircraft.

While the bulk of current coated fabric production goes for direct war needs, much of it, says the writer, comes within a dual peace or war category. He instances the

washable tablecloths in military messes and canteens; a footwear material, satchels for the C.W.A.C. and the Women's Division of the R.C.N.V.R. and the R.C.A.F. Waterproof bed sheets for military and field hospitals and the covering for military pay books and instruction manuals, as well as hundreds of thousands of yards of a special synthetic, resin-coated material which goes into raincoats, marine suits, souwesters and other coverings for the Armed forces, to say nothing of a special chemically treated and impregnated material for anti-gas clothing.

## The District NEWSPAPER and Your PRINTING

YOU EXPECT your community newspaper to take the lead in advocating district betterment.

YOU EXPECT your newspaper to boost for good roads, good schools, and to support district celebrations and associations.

YOU EXPECT your district newspaper to support welfare and charity drives.

YOU EXPECT your newspaper to help bring people to this district and thus increase purchasing power by added numbers.

BECAUSE of these services, we believe it to be both fair and just to request that all printing used in this district be done within the district.

WE OFFER a printing service that is both high-grade and reasonable in price. Therefore by spending your money here, it does double duty — supports district welfare and cuts expense.

Weeds — The Crop Robbers

Next to lack of rainfall, weeds undoubtedly are the main reason for low yields to the acre. Every weed plant that does not grow means one more money making plant for the farmer; for a weed plant utilizes just as much precious moisture from the soil as does a useful plant. Large numbers of weeds are often

## Hints for the Household

Here's a wartime dessert that contains your fruit, and also the valuable whole grain cereal nourishment so needed in wartime meals. It is indeed entitled to my "STAR".

### Baked Apple Pudding

$\frac{3}{4}$  cup wheat-meal  
2 tablespoons butter or margarine, melted  
 $\frac{1}{4}$  teaspoon salt  
 $\frac{1}{4}$  cup brown sugar, firmly packed  
 $\frac{1}{4}$  teaspoon cinnamon  
4 cups apple slices  
2  $\frac{1}{2}$  cups milk

Mix cereal, butter, and salt. Mix brown sugar and cinnamon. Arrange 1 cup apples,  $\frac{1}{3}$  of buttered cereal, and 2 tablespoons brown sugar-cinnamon mixture in layers in greased casserole. Repeat, making 3 layers. Top with remaining 1 cup apples. Add milk and sprinkle with remaining brown sugar-cinnamon mixture. Bake in moderate oven (350° F.) 1 hour and 15 minutes, or until apples are tender. Serve hot or cold with cream. Makes 4 to 6 servings.

### Apple Jelly

(Using canned or bottled apple juice.)

$\frac{3}{4}$  cups sugar  
2 cups canned or bottled apple juice  
Red coloring, if desired  
 $\frac{1}{2}$  bottle fruit pectin

Measure sugar and juice into saucepan and mix. (For a deeper rose color, add a few drops red coloring which fruit acids do not fade.) Bring to a boil over hottest fire and at once add bottled fruit pectin stirring constantly. Then bring to a full rolling boil and boil hard  $\frac{1}{2}$  minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 5 glasses (6 fluid ounces each.)

### Honey Orange Marmalade

1  $\frac{1}{2}$  cups prepared fruit  
2  $\frac{1}{2}$  cups honey  
 $\frac{1}{2}$  bottle fruit pectin

To prepare fruit, remove skins in quarters from 1 medium orange and 1 medium lemon. Lay quarters flat; shave off and discard about half of white part. With very sharp knife cut remaining rind into fine shreds. Add  $\frac{1}{2}$  cup honey,  $\frac{1}{2}$  cup water, and  $\frac{1}{6}$  teaspoon soda. (This honey is in addition to the 2  $\frac{1}{2}$  cups specified.) Bring to a boil and simmer, covered, 10 minutes, stirring occasionally. Remove sections of fruit pulp free from membrane. Add pulp and juice to cooked rind; simmer 20 minutes longer. (If orange is very sweet, add juice of 1 extra lemon.)

Measure honey and prepared fruit, solidly packed, into large kettle, flooding each cup with juice or if necessary, with water. Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 6 glasses (6 fluid ounces each.)

**Breakfast in Wartime**  
A proper wartime breakfast might consist of the following:

Apple Sauce  
Fruited Grape-Nuts Wheat-Meal Milk or Cream  
Toasted Muffins Jelly  
Beverage

The fruit course may be changed, the cereal be hot or ready-to-eat, vary your beverage if you like, try new hot breads—waffles, muffins, etc., but don't let your breakfast get in a rut.

As for the cereal course, here are some suggestions that will enable you to make the cereal one of the most popular and surprising courses of the meal:

Corn Flakes with Sliced Bananas and Raisins

Grape-Nuts Flakes with Canned Sliced Peaches and Stewed Prunes  
Wheat-Meal cooked with Prunes  
40% Bran Flakes with Sliced Bananas and Orange sections served with Orange Juice

Grape-Nuts with Canned Peas and grated Orange rind

Cereal Medley (Post Toasties, Grape-Nuts, and Grape-Nuts Flakes) with Apple Sauce

### Buttermilk Flakes Waffles

1 cup sifted flour  
 $\frac{1}{2}$  teaspoon soda  
 $\frac{1}{2}$  teaspoon salt  
1 cup 40% bran flakes  
2 egg yolks, well beaten  
1 cup buttermilk or sour milk  
4 tablespoons melted butter or other shortening  
2 egg whites

Sift flour, once, measure, add soda and salt, and sift again. Add bran flakes and mix well. Combine egg yolks, milk and butter; add to flour mixture, beating only until smooth. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in hot waffle iron. Serve with maple-flavored syrup. Makes three 4-section waffles.

**Buttermilk Flakes Bacon Waffles**  
Add  $\frac{1}{3}$  cup chopped cooked bacon just before adding egg whites.

### Fruited Grape-Nuts Wheat Meal

$\frac{1}{2}$  teaspoon salt  
2  $\frac{1}{2}$  cups boiling water  
 $\frac{1}{2}$  cups Grape-Nuts Wheat-Meal  
 $\frac{1}{2}$  cup seedless raisins or chopped dried prunes or dates

Add salt to boiling water in saucepan. Add cereal slowly, stirring constantly, then fruit. Bring again to a boil and cook 3 minutes, stirring constantly.

Or add salt to boiling water in top of double boiler. Add cereal slowly, stirring constantly, then fruit. Bring again to a boil, place over boiling water and cook 5 minutes, stirring constantly. Serve with milk or cream and granulated or brown sugar. Makes 4 to 5 servings.

## HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

### ILL HEALTH CONTRIBUTES

**TO INCIDENCE OF CRIME**  
"Poor health is one of the most persistent and challenging of the many and varied problems which confront the probation officer in his day-to-day attempts to rehabilitate offenders," says William C. Nay, United States Probation Officer, whose job is the rehabilitation of persons freed by courts and prisons. In an article on "Poor Health - A Persistent Problem in Supervision," appearing in the quarterly periodical, "Federal Probation," he says, "In normal times a large number of probationers have physical ailments; but today, when the physically fit have been inducted into the armed services, the percentage of cases with health problems is extremely high. Throughout the country many probation cases involving frequent job changes, temporary unemployment, a return to delinquent ways of living, alcohol and narcotic addiction and other types of maladjustment, may be traced to some form of poor health."

Many of the problems involved in dealing with probationers and parolees whose health precludes their adjusting normally to their environment have both physiologic and psychological aspects, according to Mr. Nay. He mentions the need of vocational training or guidance for handicapped ex-convicts, and the special supervision needed in cases of persons suffering from tuberculosis, venereal disease and other ills.

New types of cases are resulting from the war, he points out. "Already our courts are hearing cases involving service men discharged for medical reasons; and, no doubt these cases will multiply."

### Immunization

Springtime is danger time for children who have not been protected against communicable diseases, the Health League of Canada warned today. It urged parents to have children immunized for diphtheria, smallpox, and whooping cough before the schools close and the young people take to the playgrounds and summer camps.

Toronto held its annual Tax oil Week, starting on April 28. This event, sponsored by the Health League in co-operation with the city health authorities, has been a big factor in reducing the incidence of diphtheria - killer of childhood. Metropolitan Toronto counted 16 cases but no deaths in 1943. So far this year there have been two deaths.

"Human sacrifice of this kind has no place in civilized Canada," the Health League declared. "Diphtheria deaths are due to neglect by parents and guardians to give children the benefit of toxoiding which is both safe and sure."

Not only Toronto parents but parents everywhere in Canada were cautioned to have immunizing done now and not to confine the protection to those children attending

school. Children should be protected at the age of six months and thereafter.

In the 10-year period of 1933 to 1942, diphtheria harvested 2,838 lives in Canada, and whooping cough killed 6,333 - mostly children. Scarlet fever filled 1,875 graves.

"While we are talking of social security measures after the war, let us at least avail ourselves of present means to make child life more secure," the Health League urged.

## Canadian Garden Service

### Building up Soil

The best builder for poor soil is well-rotted, barnyard manure according to the experts, but often this sort of material is difficult to obtain, especially for the average city Victory Garden. Sometimes, too, it is not very suitable, particularly where the garden is close to the house or where it must also serve as a playground for children.

In these cases, a good garden chemical or commercial fertilizer is advised and this should be applied carefully according to directions. Often this material will burn tender flowers or vegetables. Experienced gardeners usually advise dissolving fertilizer in water and applying as a solution or sprinkling it up and down the rows, being careful to place it close to but not actually touching the roots.

Commercial fertilizer is generally regarded as a quick plant food which gives astonishing results. It will bring vegetables along quickly thus assuring tenderness. It is also helpful in transplanting flowers, vegetables and nursery stock so that they get over the shock of moving.

To keep up fertility of old established gardens or build up light or poor soil, old gardeners usually dig in all weed growth and other humus, such as rotted sods from a special pile at the back of the garden. Straw manure well dug in and kept buried until it rots, will gradually turn sand into a rich loam which will absorb and hold water and make ideal garden soil.

Heavy land also benefits from dug in weed and other green growth. The experienced gardener in handling any sort of soil, but especially sandy ground or heavy clay, seldom throws away any weeds or grass clippings.

Wherever possible gardeners rotate their vegetables from year to year. In other words the same part of the plot will not be used for exactly the same vegetable each season. They have sound reasons for

which are better insurance against doing this, the most important of disease and depletion of soil fertility.

If, for instance, potatoes were grown on exactly the same ground year after year, then there will be danger of all sorts of potato diseases living over the winter and getting worse each season. The particular plant food used by potatoes, too, will soon become exhausted. If moved around even a few feet there is more protection. This also gives such soil builders as the leguminous vegetables (peas, beans, etc.) a chance to add fertility and spread it over the whole garden. Rotation also assures more thorough cultivation, for cultivation varies in depth and intensity with almost each plant. With corn, tomatoes, potatoes, etc. it is possible to keep ground cultivated deeply and continuously throughout almost the whole season, whereas with some of the smaller and closer growing things this would be impossible.

This moving around allows one part of the garden to be cleared up early, and some enriching cover crop like late oats, buckwheat or rye can be planted. These are plowed or dug in next spring or late this fall. Not only will this help to rid the soil of weeds, but digging in the cover crops will add humus and plant food for next year's vegetables.

NEXT WEEK - Flowers in war time - Short cuts, Planting widths.

We shall fight on the beaches  
We shall fight on the landing grounds  
We shall fight in the fields...

These historic words, spoken by Mr. Churchill in June, 1940, when Britons were frantically preparing to meet an invasion, can be paraphrased to provide even more inspiration today when our own invasion forces are poised for the attack on the continent.

Yes, we shall fight on their beaches, on their landing grounds, in their fields; we must fight too in our factories, offices and homes, and on our farms. The Sixth Victory Loan is another great offensive launched against the enemy. Each and every one of us must strike a blow for freedom by buying Victory Bonds.

### EDGERTON

The 142nd Victory Wheel was won by Geo. C. Welsh with No. 4.

The Sixth Victory Loan Drive which ended its first week saw the quota for the Edgerton and Chauvin district subscribed. It is hoped that we may see a few pennants under our flag - one being earned for every 25% reached above our quota.

T. Shaw was busy unloading three self-propelled combines.

Mr. E. E. Morton, the gasoline inspector for the Wartime Prices and Trade Board was a business visitor here last week.

Jim Charlesworth shipped several loads of cattle from here last week.

Mr. J. W. Connelly, of Lockdale, B.C., with his daughter Mrs. Leggett of Wainwright were visitors here last Wednesday.

T. Townley Smith, District Agriculturist was here Wednesday. Jimmy Miles R.C.A.F. is on 14 days leave.

The picture "Daring Young Man" was shown here Friday and Saturday.

day. There was a Victory Loan film shown before and after the feature.

Mr. Jack Stewart of Lockdale, B.C. who used to live in the McCafferty district was here on a few days visit.

Norman Miles has got his big new freight truck ready for the road.

### HEATH

Miss Edith Turnbull is now employed at the Heath store.

Mrs. Clinton Davis was home from Edmonton to spend a holiday with her family here.

Pte. Stanley Masowsky spent a few days leave at the Spornitz home before going east.

Many friends from this district are mourning the death of Mr. Jack Chynoweth of Wainwright who homesteaded near Heath over 30 years ago. Sympathies are extended to Mrs. Chynoweth and family.

Dorothy Spornitz was home from Edmonton to spend the week end with her parents.

Inspector Coutts paid a visit to Heath school on Thursday last.

Sunday school pupils at St. Patrick's church are meeting on Saturday afternoon to write their annual examination papers.

Miss Ruth Jones of Wainwright spent the week end at her home here.

Mr. Bert Ford has returned to Calgary to resume his work there after spending some time on his farm here.

## This Is The Job We Have to Do

THIS COMMUNITY MUST BUY

133,000.00

## VICTORY BONDS

That is our share of the one billion two hundred million dollars (\$1,200,000,000) objective set for the Sixth Victory Loan

WE MUST DO OUR SHARE

It's a big job. We've done big jobs before. We've put five Victory Loans over the top up to now. But just because we've put five loans over the top is no reason why we can be indifferent about this loan. We must not assume that the job will be an easy one. We must realize that it's a big job - and assume that it will be a hard job - and make sure that the job will be done: then it will be done.

## ALL MUST BUY BONDS

AND ALL OF US MUST BUY

## ALL the BONDS we can

It must be plain to all of us that the opening of new battle fronts means a more costly war. More equipment will go into action. Losses will be heavy. Replacements must go through without let-up. Our men on the fighting fronts must have everything they need.

There is no let-up on the fighting fronts. There must be no let-up on the home front. We've got to raise the money. Every Canadian must save and lend. Most of us are earning more. We can save more. Others are risking their lives, surely we can lend our money.

BUY BONDS WITH SAVINGS

BUY MORE OUT OF INCOME.

DURING THE NEXT SIX MONTHS

Most of us have some money which we have saved. We can buy Victory Bonds with this money, and we can buy more bonds on convenient Deferred Payments, paying for the bonds as we earn the money, over a period of six months.

Fulfill your obligations to the men who are fighting.

PUT VICTORY FIRST

### "THE ALL STAR HOUR"

Wednesdays - 6:30 P.M.

Music, Song and Drama by world famous stars of stage and screen.

On Your Dial

The Honourable N. E. Tanner, Minister of Lands and Mines, announced to day that the angling season for trout, Rocky Mountain whitefish and grayling, will open May 1st and close September 30th, for the Red Deer and North Saskatchewan rivers and their tributaries. In the southern part of the province, from the international boundary line up to and including the Bow River and its tributaries, the season will open June 16th and close October 31st, 1944.

Mr. R. Lindseth left on Monday night's train for Calgary where he will make his home in the future.

Cpl. Doug. Jackson, R.C.A.F. spent a few days leave in town this week visiting relatives prior to leaving for the coast.

Constable T. W. Band R.C.M.P. motored to Drumheller over the week end to visit friends.

Congratulations are extended to Miss Margaret Voros who graduated from the General hospital last week and to Miss Merle Baker who is now a graduate nurse of the Royal Alex hospital.

The radiosonde which was mentioned in last week's Star as being found on the Stranahan farm was discovered by Garth Abernethy.

Having completed a tour of the lodges in the south of the Province, in his official duties as Grand Master of the I.O.O.F., Mr. W. Huntingford returned home on Tuesday.

Dr. and Mrs. H. C. Wallace enjoyed a visit from their son, Beatty who is convoking in medicine at the University this month.

Geo. Glass accompanied by his daughter, Georgina spent the week end in town.

Mrs. Stella Collette was home from Edmonton for a short visit with her parents Mr. and Mrs. A. Kinghorn.

Watch the big Victory loan thermometer in the Post Office gardens for the latest official figures on our progress.

Mrs. Lorne Mitchell returned on Saturday night's train after receiving dental treatment in the city.

Miss Mae Peacock, of the University hospital staff in Edmonton spent the week end at home with her parents.

Mrs. W. J. Huntingford left on Thursday to spend a few days in the city on business and visiting friends.

Dr. Herbert Ross will attend the 77th annual convention of the Ontario Dental association which will be held at the Royal York Hotel, Toronto, May 29th, 30th, and 31st. His office here will be closed, from May 22nd, until June 5th.

Miss Vera Karendine, of Drumheller arrived in town the first of the week and is going to assist Miss Doris Johnson at Doris' Beauty Shoppe for the summer.

Petty Officer Johnny Nelson of the navy accompanied by Mrs. Nelson are spending a leave with their family in town.

Jimmy Robinson is the new owner of the Lush building on the corner of Main street, and is rapidly improving the premises.

Cpl. and Mrs. B. Brind and baby were the guests of Mr. and Mrs. Ivan Mitchell over the week-end.

Mr. Walter Kingswood returned this week after a holiday spent at the coast and Vancouver.

Mr. and Mrs. J. C. McLean and Mr. Fisher of Irma were guests at the home of Mr. and Mrs. F. Watts at the week-end.

After a successful sale last week Mr. Tom McCreath has rented his farm and returned to Edmonton to live.

The money we put into the VIth VICTORY LOAN is double money. It helps NOW to win the war and helps LATER, when we spend it, to win the peace for ourselves and our families.

### VICTORY LOAN SALES

According to figures received from headquarters Monday's sales of Victory Loan bonds totalled \$61,911,500 bringing the total sales to that date up to \$481,244,050.

For the same period in the last loan the approximate total had reached \$487,000,000 - the Monday sales being \$70,135,000.

### HIGH SCHOOL PUPILS

A series of two minute addresses on the subject "Put Victory First" will be delivered by the high school pupils of Wainwright in the Elite theatre commencing Wednesday night (tonight) and each night thru next week.

The prize for the best oration will be awarded at the close of the Victory Loan Campaign by the judges Mayor J. G. Middlemass, Mr. H. T. Coultis, Mr. Don Pawsey and Mr. Alec Adams.

### COMING EVENTS

The Catholic Ladies Aid will hold a tea and sale of home cooking on Saturday May 20th, at the home of Mrs. O. Michon from 3:00 p.m. to 6:00 p.m. Everybody Welcome! 10-5
